We are
passionately
dedicated to
enhancing the
gastronomy
experience
with a strong
commitment to
premium product
performance,
extraordinary
designs, and
sustainable
practices.

In 1983, our journey began in a modest ceramic atelier with the ambition of becoming a genuine industry stakeholder by providing porcelain tableware solutions. Bonna was introduced in 2014 with the vision of being a brand that inspires and leads the porcelain industry.

Since the beginning of the story, our mission has been to accompany the finest presentations while contributing to the well-being of the environment and society, thus promoting sustainable economic growth.

Passionate about bringing chefs' visions to life, we empower them to unleash their creativity as they design, enhance their menus, craft exceptional presentations, and create memorable gastronomic experiences for their guests.

Driven by the passion to grow together with our business partners, we continue our presence as a reliable business partner in the gastronomy sector with our superior product performance, innovative designs, premium porcelains and vitrified collections.

Committed to elevating joyful moments with trend-setters and thought leaders, we collaborate with a wide community to distinctively tailor gastronomic experiences from a broader perspective.

Save for Tomorrow!

Our Philosophy: Integration with Nature

Our Goal: Save All the Values of Life for Tomorrow

The moment when elements of soil merge with water to form a porcelain body marks the beginning of Bonna's products, bringing them to life and enhancing culinary experiences. Following this integration, energy resources shape the final appearance of a porcelain product. This process is about transforming natural resources into a durable form, ensuring that even after its lifecycle ends, porcelain continues to contribute to the environment.

Our sustainability goal is rooted in a belief in the natural cycle and harmonious blending. Bonna is dedicated to meeting the

needs of the present generation while preserving resources for future generations. This dedication is among the corporate values, placing integrity at the core, and guiding ethical standards since the foundation of our company. We are working to ensure that the flavors, smells, all the beauties of the soil and nature that bring us into existence today save for tomorrow.

Our primary strategies to protect our future align with the United Nations Sustainable Development Goals. These include: Affordable and Clean Energy; Industry, Innovation, and Infrastructure; Responsible Consumption and Production; Climate Action; Life Below Water; Life on Land; Gender Equality; Reduced Inequalities; Peace, Justice, and Strong Institutions; and Partnerships for the Goals.

Bonna Contributions to Net Zero Commitment

We measure our **carbon footprint** annually according to **ISO 14064** and **GHG Protocol**. Our commitments to Net Zero Movement are:

Sustain Our Industry by Circularity and Long Product Life Cycle

• **Recycled porcelain** collection recovering 87% of internal wastes of the production cycle

• 100% **Recyclable packaging** material

Annually 1829 ton of carbon emissions are prevented, 3942 trees saved

• **Zero Waste Production Facility** by %99,9 recycle rate

• Industrial **Wastewater Treatment System**

Treated wastewater from our industrial process to recover water to fill 18 Olympic pools

Sustain Our Life Resources by Low Carbon Economy

• **Net Zero Warehouse** supported by **Solar Energy System** and certified by Leed Gold
4,974 trees are saved and prevented 2,309 tons of carbon emissions

• **Vitrified collections** produced by **single firing** and **local resources** enable even lower carbon footprint offers

Sustain Human Well-Being and Integrate with Society by Social Impact

• **Information security management system** guaranteed by **ISO 27001 Certification**

• Human resources policy in line with the **United Nations Universal Declaration on Human Resources** and **International Labor Organization (ILO)** standards

• **Corporate Social Responsibility Policy** supporting young chefs' education in the world's leading culinary schools and gastronomy departments

LONG LASTING CRAFT

Bonna Premium Vitrified privileges culinary work by offering durable, sustainable and handcrafted feel dinnerware solutions to provide a perfect blend of aesthetic and functionality. The fully vitrified dense and high-quality clay body provides unbeatable durability in performance so each item has an exceptionally long product life cycle and low water absorption.

Each piece kindly promises a unique and authentic design thanks to the reactive glaze technology. Bonna Premium Vitrified is an environmentally friendly category supporting Bonna's low-carbon footprint initiative. Sustainable product quality and eco-optimized production principles are sustained by single-firing and locally sourced raw materials.

This specially designed vitrified collection developed by Bonna expertise delivers an improved product life length compared to the stoneware thanks to the improved recipe and higher firing temperature.

Tone collection takes its name from the melody of the Mediterranean coast. The collection symbolizes the gentle lapping of the waves on the shore and the movement of the sea with the curves in its form. Its organic form reflects the elegance and originality of a seashell. Tone is not only inspired by nature but also takes an eco-friendly approach by using less energy and carbon emissions in its production. The collection has the feel of a ceramic workshop and is more durable than porcelain products, promising a visually and functionally satisfying experience, especially for boutique and fine dine restaurants.

Albus

The Albus Collection stands out as a magnificent fusion of elegance and simplicity in the gastronomy world. Each piece is meticulously designed with unique lines that delicately embrace plates, offering them limitless aesthetic freedom. Adorned with soft tones of white, Albus features a form that is both soft and devoid of sharp lines, providing chefs with a signature touch in their presentations. Albus inspires chefs in hotels and restaurants alike with its extensive range of products. While flat and classic plates offer timeless elegance, oval forms in elliptical shapes create an aesthetic flow that adds depth to food presentations. Express the subtleties and elegance of your presentations freely with the Albus collection.

* Strato

Strato draws all attention to the chef's creative presentation with its assertive and elegant design. Strato stands out as a unique design thanks to its relief details reminiscent of the iris lines that make every pupil unique. Understated elegance and minimalist design... The collection stands out as a great choice for fine dine restaurants and hotels that prefer premium quality and elegance.

The HALO Collection is a masterpiece of design, crafted for master chefs who seek to elevate their presentations to an art form. Each piece, with its special edge design, enhances the depth and allure of dishes by playing with dozens of colors, aromas, and flavors. Drawing inspiration from the universe’s movement and nature’s dynamic rhythms, the angular design of these circular forms captures light in a mesmerizing dance. This effortless elegance allows for stunning presentations where food becomes the hero of the entire setting. Let the HALO Collection crown your creations with a modern, balanced touch, perfectly mirroring the graceful circular motions of nature.

Radix

The Radix Collection celebrates the essence of white with its distinctive motif inspired by the intricate network of roots. Symbolizing growth, strength, and resilience, roots remind us of our intrinsic connection to the earth and to one another. Featuring this powerful motif across a diverse range of forms, the Radix collection infuses depth and richness into dining presentations, making each setting a testament to the enduring beauty of nature.

Care

Porcelain’s durability stems from its meticulous preparation process, where it is carefully heated, while its white and pure appearance is a result of its natural raw materials. Much like those who prioritize hygiene and compassionate care during challenging times. The Bonna Care Collection comes to life with porcelain that symbolizes health and strength. It has been designed to present diverse flavors in a hygienic manner with its ergonomic and distinctive design. With this special series, you can offer both patients in hospitals and the healthcare professionals who support them a safe, exclusive, and carefully crafted dining experience.

Gloire East

The Gloire East Collection captures the essence of Far Eastern artistry, where the elegance of delicate floral forms meets the durability of porcelain. Designed exclusively for Bonna by the renowned European designer Robin Levien, this collection is a true masterpiece. Each piece, with its organic, fluid shapes and rich reactive glaze, brings an exquisite touch to your table, creating a harmonious blend of tradition and modernity. The subtle interplay of dark, earthy tones with shimmering highlights gives the collection a unique, almost mystical allure. Whether used for fine dining or casual settings, the Gloire East Collection transforms every presentation into an artistic expression, offering chefs a distinctive playground to showcase their culinary creativity.

Rivus

Rivus masterfully blends the ethnic patterns of the Mediterranean with modern design, crafting a unique ambiance for meal presentations. The collection’s spiral patterns mimic the flowing movement of water, while its palette of blue and earthy tones conjures the serene reflections of a river. This adds depth and a natural aesthetic to each piece. Offering two distinct pattern options, Rivus empowers chefs to express their creativity. It also facilitates seamless mix-and-match combinations with the Sand collection within the portfolio, encouraging chefs to craft distinctive presentation styles.

Alhambra & Viento

Viento

Every path in the Mediterranean leads to the endless blue, with winds that carry the rich, enticing aromas of local flavors. The Viento Collection captures this essence, bringing the authentic texture of Portuguese pavements as the backdrop, adorned with individually hand-drawn Mediterranean blue patterns. Each piece in the collection symbolizes the perpetual summer, transforming every meal into a timeless Mediterranean experience on the table.

Sway

The Sway Collection tells a story of rhythmic grace, drawing inspiration from the delicate art of weaving. Each piece evokes the tactile pleasure of threads interlacing, creating a harmonious dance of textures that bring a unique character to the table. The collection's name, "Sway," reflects the gentle swaying motion found in both dance and music, a tribute to the effortless elegance of movement. The craftsmanship and fluidity of Sway intertwine to create a symphony of style, elevating every dining experience to one of artistic expression.

Patera

Ancient marble textures and the delicate imprints left by Caretta caretta on golden sands... The Patera Collection draws inspiration from the 6,000-year-old heritage of Patara Ancient City and the lands beneath its timeless ruins. Ready to infuse your presentations with a touch of mysticism, the Patera Collection offers a link to the past, bringing a sense of history and wonder to your table.

Arctic

Inspired by the harsh and magical nature of the polar regions, the Arctic collection embodies the rugged landscape from which it draws inspiration with features like guaranteed edge chip resistance, stackability, and scratch resistance. Its matte, glazed texture and subtle iris pattern transport the beauty of this frigid region into every presentation. The cool navy and gray tones of the northern vistas lend the Arctic collection an enchanting beauty, seamlessly integrating with the Omnia, Cras, and Ground collections for versatile mix-and-match possibilities.

Cosmos

The Cosmos Collection is a tribute to the chefs who dare to explore the unknown, guided by the aromas and flavors that chart their culinary journeys. Each piece in this collection mirrors the vastness and mystery of the universe, with its deep, speckled glaze evoking the starry night sky. It's a canvas for creativity, inviting chefs to craft dishes that are as bold and unique as the cosmos itself.

Retro

The Retro Collection embraces a charming blend of rustic elegance and modern simplicity. The refined, non-exaggerated rustic edges seamlessly complement the delicate beauty of the ivory body, creating a canvas that offers both style and versatility. These plates provide chefs with ample space to express their culinary creativity, allowing each dish to shine with individuality. Retro is not just a nod to the past; it's an invitation to reinvent classic charm with a contemporary twist.

Piuma

Piuma effortlessly blends the warm touch of wood with the clean, pure texture of porcelain, adding an innovative and stylish twist to your steak and cheese presentations. Drawing inspiration from the unique dirt-repellent structure of goose feathers, the Piuma Collection is designed with practicality in mind. Its separable wood and ceramic pieces are not only easy to clean but also fit together seamlessly, offering both functionality and elegance in every serving.

Mix Lab

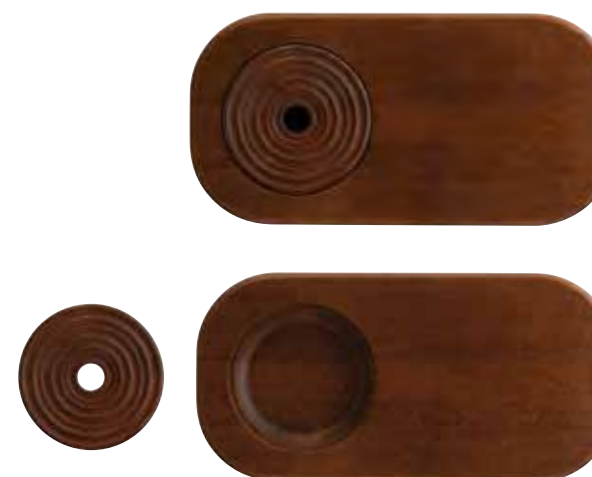

Mix Lab is a versatile design crafted to complement a wide range of products, including cups, mugs, bowls, and teapots. Thoughtfully created with a focus on ergonomics and aesthetics, it ensures comfortable handling while adding a touch of elegance to any presentation. Made from natural beech wood, its texture harmonizes beautifully with porcelain, creating a cohesive look. Mix Lab consists of two key components: the main body and a detachable lid section featuring circular grooves. These grooves are not just a design element but also serve a functional purpose, providing a secure grip and enhancing the lid's visual appeal. The concentric pattern draws the eye towards the center, adding a touch of sophistication to the overall design. The removable lid is especially ideal for soup bowls or other specialized presentations, offering both functionality and style in one sleek design.

Infinityglass

Infinityglass

Infinityglass captures the visual delight of glass with elegance and grace. Its polycarbonate body, which mimics real glass, is 250 times stronger than traditional glass, ensuring unmatched durability and longevity. The impact-resistant and recyclable structure of Infinityglass eliminates the risk of breakage commonly associated with glassware in environments like poolside or beach settings, offering a safe luxury experience. Not only is it a sustainable choice, but it also provides a cost advantage by helping to reduce the environmental impact within the food and beverage cycle. Maintaining its elegance and sophisticated form just like glass, Infinityglass promises sustainable elegance and plays a key role in luxury hotels and catering events.

Product Care

Porcelain

- To protect the glazed surface of the products, stack them one by one without sliding, in a way that they will be stacked on top of each other at the contact points.
- It is recommended that the feet of the products should not come into direct contact with aluminum countertops and shelves. If there are aluminum countertops and shelves, it is advised to cover them with silicone coating.
- All Bonna Porcelain products, except those mentioned, are suitable for microwave use. Gilded, decaled, reactive with metal content, and porcelain with platinum content are not suitable for microwave use.
- Oven dishes, soufflés, and casseroles are suitable for oven use. They are heat-resistant up to a maximum of 220°C.
- When the products removed from the freezer or refrigerator reach room temperature, you can proceed with the heating process. As with all porcelain products, protect our items from sudden and high temperature differences.
- Our patterned, hand-decorated, and white products are suitable for use in the microwave oven.
- Check and ensure the quality of your cutlery set.
- Always wash Metal, Porcelain, and Glass products separately, both manually and in the dishwasher. This will prevent metal particles from sticking to the surface of the porcelain products.
- While washing the surfaces of porcelain products, the use of metal scrubbers or metal tongs is not recommended.

- To remove stubborn residues from the surface of porcelain products, use a scrubbing pad and water. For stuck-on residues, you can clean with rubber scrapers, gloved hands, or a water spray.
- Do not hit the product against any surface to remove residues. Instead, follow the recommended cleaning methods to ensure the longevity and quality of your porcelain product.
- The hardness of your washing water can be very low. Have the manufacturer of your dishwasher check water hardness. Do not wash porcelain products with water under 4°dH. Adjust the required water hardness by contacting the manufacturer of your dishwasher.
- If the water hardness is higher than 6°dH, it is recommended to use salt. If it is lower than this degree, salt is not recommended. With water hardness level above 6°dH, adjust salt usage level according to the hardness ranges specified by the manufacturer of your dishwasher.”
- While soft water (0-3° dH) leads to corrosion (deterioration on the surface of the porcelain) problems, excessively hard water (6-10° dH) may leave residues that look like lime stains on the surface of porcelain products.”
- Using the dishwasher rinse aid and detergent in accordance with the dosing and programs determined by the dishwasher manufacturer will extend the lifespan of porcelain products. Excessive use can shorten the lifespan of porcelain products.
- Do not wash your products below 50°C and above 70°C.
- Do not use metal utensils like metal whisks with porcelain.

Wood

- Before using for the first time, scrub with saline water, wipe off in time, and leave to dry. For daily maintenance, it can be wiped with olive oil.
- The surface of the wooden board can be damaged when knocked with harder materials.
- Solid wood boards have natural surface textures; therefore, they may differ in their appearances.
- Avoid soaking the wooden board for too long. To prevent bacteria growth, wash and dry it in time.
- Vegetables, meat, fruit, and other food materials can be easily processed on the wooden board. However, avoid too much chopping of hard food materials such as bones to prevent the wooden board from being damaged.
- It is not advised to leave wooden products in damp places for a long time.
- Avoid exposing wood materials to the sun for a long time. Increased loss of moisture could lead to wood cracking.
- It is recommended to use a soft cloth when cleaning. Never use metal wire for cleaning.
- You can wipe the surface with olive oil to extend the useful life of wood products and remove knife traces.

Product Care

Cutlery

PVD (Physical Vapor Deposition) cutlery features a titanium coating with a vibrant color. This cutlery is dishwasher proof when taking into account our instructions. For colored-PVD cutlery (gold/rose), our care instructions are a little different than for standart stainless steel cutlery, to help you to keep your cutlery as vivid in color longer.

Carefully hand wash your cutlery before first use.

Handwashing remains preferable and is advised to maintain the shine. Avoid scouring pads, bleach detergents and the use of sodium. Rinse food residue promptly or wash your cutlery directly after using, prolonged exposure to salts and food acids causes damage. Don't leave your cutlery soaking. After washing, dry straight-away with a soft cloth.

Dishwashing

Dishwashing is possible when taking into account the following instructions:

- When using the dishwasher, avoid aggressive detergents may damage your cutlery, use gentle detergents with a phosphate level below 3% and avoid sodium.
- We recommend to use dishwashing programs with a low temperature of 40°C or less.
- Check if your dishwasher features an eco-friendly program, most of these programs offer a low temperature of 40°C or less.
- Rinse food residue promptly before putting the pieces in the dishwasher, prolonged exposure to salts and food acids (e.g. mayonnaise, vinegar, mustard) causes damage.
- Do not wash your cutlery in contact with cutlery, knives or utensils of a lower steel quality as chemical reactions will mark the steel.
- Remove the pieces from the dishwasher when the cycle is finished and towel dry your cutlery to prevent spotting.
- Don't leave your cutlery to cool. Remove any water spots with a soft cloth to keep its shine.

Product Care

Infinityglass

1. Product Description:

Our Polycarbonate glasses are specifically crafted for the Horeca sector, offering exceptional quality, durability, and elegance. They are the perfect choice for professional use in hotels, restaurants, and catering services.

2. Important Safety Instructions:

- Avoid contact with sharp objects to prevent scratches.
- Do not use aggressive cleaning agents or abrasives to avoid damaging the glass surface.
- Polycarbonate glasses are not suitable for use in the microwave.

3. Cleaning and Maintenance:

a. Dishwasher:

- Place the glasses in the upper rack of the dishwasher to avoid direct contact with other dishes.
 - Use mild dishwashing detergent and set the dishwasher to a low temperature for extended glass lifespan.
 - Remove glasses promptly after the wash cycle to prevent condensation.
- #### b. Handwashing:
- Use warm water and mild dishwashing detergent.
 - Clean glasses with a soft sponge or cloth.
 - Rinse glasses thoroughly to remove all residues.

4. Drying:

- Dry the glasses immediately after washing to prevent mineral deposits.
- Use a soft cloth or let the glasses air dry.

5. Storage:

- Store glasses in a cool, dry place to prevent discoloration or deformation.
- Stack glasses carefully to avoid scratches.

6. Tips for Use:

- Avoid using sharp ice or other hard objects to prevent damage.
- Minimize contact with extremely hot liquids to prevent deformation.
- Adhere to recommended usage temperatures.

7. Technical Specifications:

- Temperature Resistance: Suitable for use in temperatures ranging from -40°C to 80°C (-40°F to 176°F).
- Impact Resistance: Resistant to impact and breakage under normal use conditions.
- Chemical Resistance: Designed to withstand exposure to mild detergents and cleaning agents.

Thank you for choosing our Polycarbonate glasses. We wish you successful use and remain at your disposal for any further assistance.

Product Care

Solida

- Before first use, ensure that you thoroughly wash the items using warm soapy water and a sponge scourer.
- Whilst the product is dishwasher safe, to help prolong the life of the product, we recommend to hand wash with warm soapy water after every use.
- We recommend that immediately, or as soon as possible after use, the product should be hand washed to remove excess foodstuffs as they contain salts, acids and fats which may cause corrosion
- Once cleaned, the product should be dried immediately to avoid prolonged contact with water or moisture which can cause corrosion or rusting

Do Not

- Do not use the product over direct heat/flame
- Do not scrub the vintage steel surface or brass handle with an abrasive sponge
- Do not use industrial detergent on the vintage steel surface or brass handles
- Do not leave the product wet as permanent water may stain the surface

Please be aware the brass handles will naturally tarnish over a period of time
